

ATTENTION: PLEASE READ

Date: July 21, 2022

Bulletin #: Bul-Gen-722-044

Subject: **Potential NeapcoParts.com Issues**

To: **All Neapco Drivelines Aftermarket Group Customers**

As part of our Continuous Improvement initiatives, we will be launching an upgrade to our ERP system at Neapco on Monday July 25th. While we do not anticipate any disruptions with NeapcoParts.com and processing of orders, we did want to notify our customers of this upgrade and the slight potential for some slowing of the processing or intermittent loss of connectivity between NeapcoParts.com and our internal systems.

If you experience any disruptions while using NeapcoParts.com, always remember our Customer Service team stands ready to help with your orders. They can be reached at **(800) 821-2374**. **Orders can also be faxed (402) 228-8493 or emailed emailorders@neapco.com.**

We appreciate your patience as we work through this system upgrade, and as always, we thank you for your continued support of genuine Neapco products. We do appreciate your business!

If you have additional questions, please contact your respective Neapco sales representative.

Tim Goode

Vice President Sales and Marketing
