

## ATTENTION: PLEASE READ

**Date:** September 28, 2023

**Bulletin #:** Bul-Prod-0923-026

**Subject:** **Neapco - Moving Parts Notice (MPN) – September 2023**

**To:** **All Neapco Drivelines Aftermarket Group Customers**

Neapco is pleased to present our revised version of the Neapco Moving Parts Notice. We have received several positive comments, and several positive suggestions for our Moving Parts Notices. As mentioned in our previous MPN bulletin, the goal has been to send these out monthly. We have not followed that plan to date, but are working to get back on track. These MPNs will be sent regularly and will provide updated information regarding any “movement” in part number status, such as New, Obsolete/Discontinued, and Superseded.

The current MPN includes all changes by month since January 2023. If there were no changes in a month, we did not update and will not update the MPN for said month..

MPNs will be available for viewing on NeapcoParts.com under the Account page, once you have logged into the site.

These MPNs share the following information:

- **Part Number** – clickable link to the product detail page on NeapcoParts.com for product image and other details.
- **Part Description**
- **Driveline Series**
- **Brand Designation** - ( Genuine Neapco,  Neapco OE Series,  Neapco Performance Series, etc)
- **Country of Origin**
- **UPC**
- **VMRS**
- **Standard Lead time**
- **Standard Pack Qty**
- **Action designations (New, Discontinued/Obsolete, Superseded)**
- **Superseded to information (if appropriate)**
- **Tabbed by month of the action**

We hope you will find these MPNs to be helpful/beneficial, and please remember [NeapcoParts.com](https://www.NeapcoParts.com) includes all the most current information about our products.

As always, we thank you for your continued support of genuine Neapco products. Please contact your respective Neapco Sales Representative for any additional questions you might have.
