Subject: **New Product Release - Neapco Performance Series U-Joints 1480 and 1550 series. MADE in the U.S.A.**

To: **All Neapco Drivelines Aftermarket Group Customers**

Neapco is pleased to announce a product series extension to our Neapco Performance Series portfolio. Neapco Performance Series Universal Joints, with BEAST MODE Strength and Endurance, were initially introduced with 1310, 1330, 1350 and 1410 series. Neapco is now extending the portfolio to include 1480 and 1550 series u-joints.

You may have seen our continuing BEAST MODE campaign and the extensive testing data we provided with the initial launch to prove **We Outperform Our Competition So You Can Outperform Yours!**

The design, engineering, materials, and manufacturing processes that made the initial 1310-1410 series better than the leading competitor's premium product, has now been pushed into the 1480 and 1550 series and provides the same benefits. And they are **MADE in the U.S.A.**

The full offering of Neapco Performance Series u-joints now includes:

Series	Part#	Series	Part#	Series	Part#
1310	1-0153P	1480	3-0188P	1330/3R	2-1569P
