Bulletin #: Bul-Prod-1121-014

Subject: **Neapco Performance Series U-joints, and Ultra Performance Synthetic Lubricants Brochures**

To: **All Neapco Drivelines Aftermarket Group Customers**

Neapco is extremely pleased to announce two new pieces of literature. Neapco Performance Series Universal Joints, and Neapco Performance Series Ultra-Performance Synthetic Lubricants brochures.

As communicated below, our Neapco Performance Series Universal Joints were designed, engineered and manufactured with one goal in mind – Outperform Our Competition So You Can Outperform Yours! This new BEAST MODE Strength and Endurance brochure reveals all the testing data that proves we achieved our goal.

<https://www.neapcoaftermarket.com/wp-content/uploads/2021/10/13541.FNL2-BeastModeBrochure.pdf>

Additionally, our new Neapco Performance Series Synthetic Lubricants are detailed on the new brochure below. Not all grease is the same. Our engineers worked closely with experts in the field to develop these two new greases that ensure long life in our driveline components, and we are sharing these Ultra-Performance lubricants with our customers.
